*Document for sale by Superintendent of Documents.

†Distribution by office issuing document, free if unaccompanied by a price.

‡Printed for official use.

NOTE.—Nearly all of the departments of the Government make a limited free distribution of their publications. When an entry shows a * price, it is possible that upon application to the issuing office a copy may be obtained without charge.

Explanation

Words and figures inclosed in brackets [] are given for information, but do not appear on the title pages of the publications cataloged. When place and printer are not given, it is to be understood that the publication is printed at the United States Government Printing Office, Washington, D.C. When size is not given octavo is to be understood. Size of maps is measured from outer edge of border, excluding margin. The date, including day, month, and year, given with Senate and House documents and reports are the dates on which they were ordered to be printed. Usually the printing promptly follows the ordering, but various causes sometimes make delays.

The I.C. card number appended to some of the entries is for those libraries ordering printed cards from the Library of Congress. The number at the extreme right of an entry indicates the classification of the publication in the Office of the Superintendent of Documents.

GENERAL INFORMATION

The Superintendent of Documents, Washington, D.C., is authorized by law to sell copies of Government publications and to allow a discount of 25 percent to book dealers and quantity purchasers on condition that the purchasers will adhere to the public sales price set by the Superintendent of Documents and that publications shall not be used for, or in connection with, advertising purposes.

Publications cannot be supplied free to individuals nor forwarded in advance of payment.

The accumulation of publications in this Office amounts to several millions, of which over five million are assorted, forming the sales stock. Many rare books are included, but under the law all must be sold regardless of their age or scarcity. Many of the books have been in stock some time, and are apt to be shopworn. In filling orders the best copy available is sent.

PRICE LISTS

A general price list of public documents is not available, but numerous lists have been prepared on special subjects and any of these will be furnished free, on application, if the person interested will state the subject or subjects concerning which information is desired. It will also be noted that current publications which are for sale are listed in this catalog.

WEEKLY LIST

In addition to the Price lists, the Documents Office issues a Weekly List of Selected United States Government Publications for sale by the Superintendent of Documents. Each list is arranged alphabetically by subjects, with annotations and prices, and may be obtained free upon application to the Superintendent of Documents.

HOW TO ORDER PUBLICATIONS

Publications entered in this catalog that are for sale by the Superintendent of Documents are indicated by a star (*) preceding the price. A dagger (†) indicates that application should be made to the Department, Bureau, or Division issuing the document. A double dagger (‡) indicates that the document is printed for official use. Whenever additional information concerning the method of procuring a document seems necessary, it will be found under the name of the Bureau by which it was published.

In ordering a publication from the Superintendent of Documents, give (if known) the name of the publishing Department, Bureau, or Division, and the title, together with the classification number which is added to the entry at the extreme right; order the congressional documents and reports by the title, together with the document or report number and the Congress and session, e.g., H. doc. 230, 73-2.

Do not use the L.C. card number in ordering a publication.

HOW TO REMIT

Remittances for the documents marked with a star (*) should be made to the Superintendent of Documents, Washington, D.C., by coupons, postal money order, express order, or check. Currency may be sent at sender's risk. Foreign remittances should be made either by international money order or draft on an American bank.

Postage stamps, foreign money, defaced or smooth coins, will not be accepted.

For the convenience of the general public, coupons that are good until used in exchange for Government publications sold by the Superintendent of Documents may be purchased from his Office in sets of 20 for \$1. Address order to Superintendent of Documents, Government Printing Office, Washington, D.C.

No charge is made for postage on documents forwarded to points in United States, Alaska, Guam, Hawaii, Philippine Islands, Puerto Rico, Samoa, or to Canada, Cuba, or Mexico. To other countries the regular rate of postage is charged, and remittances must cover such postage. In computing foreign postage, add one third of the price of the publication.

TO LIBRARIANS

The number given at the extreme right of each entry (except for congressional documents and reports) is the classification number by which the publication is arranged in the Library and in the sales stock of the Office of the Superintendent of Documents. It can be used as a classification number by such libraries as are using, for the departmental publications, the arrangement of public documents advocated in the Checklist of United States Public Documents, 1789-1909. In using this number as a classification number in a library, it should be noted that the shilling mark (/) is used to separate what would ordinarily be a superior number or letter (the numbers or letters immediately following the line) from the main classification number, it not being practicable to print these numbers and letters as superiors in the Monthly Catalog, e.g., the number A 1.23/a: So 96/4 listed in the Monthly Catalog would be A 1.23^a: So 96⁴ in a library.

LIBRARY OF CONGRESS CARDS

Numbers to be used in ordering the printed catalog cards of the Library of Congress are appended to entries for the more important publications. These are given at the left, with "L.C. card" prefixed. Do not confuse with the Documents Office classification number given at the right. Orders for these cards, remittances in payment for them, and requests for information about them should be addressed to the Librarian of Congress, *not* to the Superintendent of Documents.

MONTHLY CATALOG DISTRIBUTION

The Monthly Catalog is sent to public libraries free on application. Subscription price to individuals, 75c. a year, including index; foreign subscription \$1.35 a year. Back numbers cannot be supplied. Notify the Superintendent of Documents of any change of address.

INDEX

An Index to the Monthly Catalog is issued at the end of the fiscal year. This contains index entries for all the numbers issued from July to June, and can be bound with the numbers as an index to the volume. Persons desiring to bind the catalog at the end of the year should be careful to retain the numbers received monthly, as duplicate copies cannot be supplied.

COMMERCE DEPARTMENT

NOTE.—In its efforts to foster, promote, and develop the foreign and domestic commerce, the mining, manufacturing, shipping, and fishery industries, and the transportation facilities of the United States, the Department of Commerce issues many regular and special publications. The free distribution of publications of the Department is confined almost entirely to Government officers, libraries, educational institutions, the press, and commercial organizations. Others may procure them, at prices stated below, from the Superintendent of Documents, Government Printing Office, Washington, D.C., to whom remittances should be sent direct, as his office is not a part of the Department of Commerce. Coast pilots, inside route pilots, tide tables, current tables, and charts are sold by the Coast and Geodetic Survey.

FEDERAL DEPOSIT INSURANCE CORPORATION

NOTE.—The Federal Deposit Insurance Corporation was established under the provisions of H.R. 5661, 73d Congress (Public 66, approved June 16, 1933), an act to provide for safer and more effective use of assets of banks, to regulate interbank control, to prevent undue diversion of funds into speculative operations, and for other purposes.

The duty of the corporation is to purchase, hold, and liquidate the assets of national banks which have been closed by action of the comptroller of the currency, or by vote of their directors, and the assets of State member banks which have been closed by action of the appropriate State authorities, or by vote of their directors, and to insure the deposits of all banks which are entitled to the benefits of insurance.

FEDERAL EMERGENCY ADMINISTRATION OF PUBLIC WORKS

NOTE.—The Federal Emergency Administration of Public Works (also known as the Public Works Administration and the P.W.A.) was established under the provisions of title 2 of H.R. 5755, 73d Congress (Public 67, approved June 16, 1933), an act to encourage national industrial recovery, to foster fair competition, and to provide for construction of certain useful public works, and for other purposes.

By Executive order of June 16, 1933, in order to effectuate title 2 of the act, the President appointed temporarily a Federal Emergency Administrator of Public Works and appointed a Special Board for Public Works. By a later Executive order of July 18, 1933, a permanent appointment was made to the office of Federal Emergency Administrator of Public Works.

GEOLOGICAL SURVEY

NOTE.—The publications of the United States Geological Survey consist of Annual reports, Monographs, Professional papers, Bulletins, Water-supply papers, topographic maps (some of which bear descriptive texts), base and contour and other maps of the United States and of the States, folios of the Geologic atlas of the United States, and the World atlas of commercial geology (pt. 1, out of print). Practically all of them are sale publications; the exceptions are indicated by the dagger (†). The maps and folios and the World atlas of commercial geology, pt. 2, are sold by the Geological Survey at Washington, D.C. A discount of 40 percent is allowed on any order for maps or folios that amounts to \$5.00 at the retail price. This discount applies to an order for either maps or folios alone or for maps and folios together. Remittance for these publications should be made by money order payable to the Director of the Geological Survey, Washington, D.C. Orders for other publications that are for sale should be sent to the Superintendent of Documents, Washington, D.C. For topographic maps see below and next page.

Topographic maps

NOTE.—The Geological Survey is making a series of topographic maps that will eventually cover the whole United States, also Alaska and Hawaii. The individual maps are projected to represent quadrangle areas rather than political divisions, and each map is designated by the name of some prominent town or natural feature in the area mapped. The scales most commonly used are 1:31,680, 1:62,500, and 1:125,000, corresponding, approximately, to $\frac{1}{4}$ mile, 1 mile, and 2 miles to 1 inch. The area covered differs with the latitude, but the average area is 58, 230, or 920 square miles, respectively, for these three scales. Topographic maps are printed on uniform-sized paper about 20 by 16½ inches, and the maps of the quadrangle areas represented thereon are about 17½ inches long and 12 to 15 inches wide, according to latitude. For some areas of particular importance special large-scale maps are published. A general description of topographic maps and a list of the symbols used are printed on the reverse of each sheet.

About 46 percent of the area of the country, excluding Alaska, has been mapped, every State being represented. Connecticut, Delaware, the District of Columbia, Hawaii, Maryland, Massachusetts, New Jersey, New York, Ohio, Rhode Island, and West Virginia are completely mapped. Maps of the regular size are sold by the Geological Survey at 10c. each, but a discount of 40 percent is allowed on any order which amounts to \$5.00 at the retail price. The discount is allowed on an order for either maps or folios alone, or for maps and folios together.

NATIONAL RECOVERY ADMINISTRATION

NOTE.—The National Recovery Administration was established under the provisions of title 1 of H.R. 5755, 73d Congress (Public 67, approved June 16, 1933), an act to encourage national industrial recovery, to foster fair competition, etc. This Administration is also known as the Industrial Recovery Administration, the National Industrial Recovery Administration, and the N.R.A., and the act under which it was established, as the N.I.R.A.

By Executive order of June 16, 1933, in order to effectuate the policy set forth in title 1 of the act, the President appointed an Administrator for Industrial Recovery and a Special Industrial Recovery Board.

Blue Eagle.

NOTE.—Beginning May 1, 1934, the National Recovery Administration initiated the distribution of individual Blue Eagle cards for display by employers operating under approved codes. The new Blue Eagle, with the former phrase "We do our part" replaced by the single word "Code" serves to identify the employer who did his part and who now, under an approved code, is cooperating with others in his trade or industry, to complete the work of recovery. Beneath the word "Code" appears the name of the trade or industry to which the employer belongs and his individual registration number. The individual Blue Eagle cards are not listed separately in the Monthly catalog.

Codes of fair competition.

NOTE.—The codes for the following industries (except those designated as approved) merely reflect the proposals of the industries, and none of the provisions contained therein are to be regarded as having received the approval of the National Recovery Administration as applying to those industries.

The National Recovery Administration recently adopted a plan of issuing the approved codes in a form in which they could be gathered together into volumes. Approved codes nos. 1 to 57 have been assigned to volume 1, nos. 58 to 110 to volume 2, etc. Under this system certain of the approved codes for which entries had already appeared in the Monthly catalog were reissued, carrying the paging of the volume to which they had been assigned, and showing slight differences in their general make-up. The text of the codes, however, was not changed from the form in which originally approved.

The library classification scheme for the approved codes, including supplements and amendments, has been changed to show the approved code number instead of the registry number. Under this new system an approved code formerly classified as Y 3.N 21/8: 7 ap.282-01 (the latter part representing the registry number) would now be classified as Y 3.N 21/8: 7 ap.213 (the latter part representing the approved code number). The change was effected in the interests of simplification and due to complications caused by subdivisions of certain of the major industries. The classification scheme for the proposed codes is not affected.

TOPOGRAPHY DIVISION

NOTE.—The Division of Topography has prepared maps showing the rural free delivery routes. They are published in two forms, one giving simply the rural free delivery routes starting from a single given post office, and sold at 75 cents each; the other, the rural free delivery routes in an entire county, sold at 50 cents each. A scale of 1 inch to 1 mile is generally used. The rural-delivery county maps are printed from the latest negatives. It is impracticable for the Department to keep maps corrected to date at all times. Editions are not issued, but blue print copies are produced in response to special calls addressed to the Disbursing Clerk, Post Office Department, Washington, D.C. These maps should not be confused with the post route maps, for which see Monthly catalog for February 1934, page 734.

SMITHSONIAN INSTITUTION

NOTE.—In a recent price list, the Smithsonian Institution publishes this notice: "Applicants for the publications in this list are requested to state the grounds for their requests, as the Institution is able to supply papers only as an aid to the researches or studies in which they are especially interested. These papers are distributed *gratis*, except where price is given, and should be ordered by the *publication numbers*, arranged in *sequence*. The serial publications of the Smithsonian Institution are as follows: 1, Smithsonian contributions to knowledge; 2, Smithsonian miscellaneous collections; 3, Smithsonian annual reports. No *sets* of these are for sale or distribution, as most of the volumes are out of print. Special publications are also issued from time to time. The papers issued in the series of Contributions to knowledge and Miscellaneous collections are not public documents, but are printed in limited editions at the expense of the Smithsonian Fund. They are distributed without charge to public libraries, educational establishments, and learned societies in this country and abroad; and are supplied to other institutions, and to individuals at the prices indicated. Remittances should be made payable to the 'Smithsonian Institution.' A discount of 20 percent is allowed to bookdealers. The Smithsonian report volumes and the papers reprinted in separate form therefrom, are distributed *gratuitously* by the Institution to libraries and individuals throughout the world. Very few of the Report volumes are now available at the Institution, but many of those of which the Smithsonian edition is exhausted can be purchased from the Superintendent of Documents, Government Printing Office, Washington, D.C. The Institution maintains mailing-lists of public libraries and other educational establishments, but no *general mailing-list of individuals*. A library making application to be listed for Smithsonian publications should state the number of volumes which it contains and the date of its establishment, and have the endorsement of a Member of Congress." Although the annual reports are the only Smithsonian publications that are regularly issued as public documents, the others are usually regarded as such and have free transmission by mail, therefore they are listed in the Monthly catalog.

STATE DEPARTMENT

NOTE.—With the publication of the first number of the printed Press releases on Oct. 5, 1929, the Department of State inaugurated a new publication program. The daily mimeographed releases are made available to the public weekly in printed form; also, all publications (except laws, Executive orders, proclamations, and treaties) are numbered consecutively in the order in which they are sent to press. Publications of a similar character are brought within well-defined series, and each series publication bears a series number in addition to its publication number. Laws, Executive orders, and proclamations are issued in separate series and are numbered within each series in the order in which they are signed. Treaties are issued in a separate series and are num-

PUBLIC WORKS OF ART PROJECT

NOTE.—The Public Works of Art Project was organized on Dec. 8, 1933, as a Federal project by a grant from Mr. Harry L. Hopkins, Civil Works Administrator, to the Treasury Department. The organization in the Treasury was under the direction of Mr. L. W. Robert, Jr., Assistant Secretary of the Treasury. The objective of the Project was to give artists employment at craftsmen's wages in the embellishment of public property with works of art.

In order to carry the Project out an administrative organization was set up in Washington, D.C., and the country divided into 16 regions, each in charge of a regional committee, who in turn appointed subcommittees throughout the territory assigned to them. These committees took charge of the selection and employment of the artists and the general supervision of their work. Men and women interested in the fine arts throughout the United States volunteered for service on these committees.

Artists were selected on the basis of their qualifications as artists and their need of employment. The subject matter assigned to them was the American scene in all its phases. Within this scope the artists were given the utmost freedom of expression. They have created works of art, consisting of murals, sculptures, oil paintings, water colors, etchings, lithographs, drawings, and products of various crafts. The Project was discontinued Apr. 28, 1934. The works of art produced are the property of the Government and are being placed in public buildings and parks throughout the country for their embellishment.

NORTHERN AND NORTHWESTERN LAKES SURVEY

NOTE.—Charts of the Great Lakes and connecting waters and St. Lawrence River to the international boundary at St. Regis of Lake of the Woods, of Lake Champlain, and of the natural navigable waters of the New York State canals are prepared and sold by the U.S. Lake Survey Office, Old Customhouse, Detroit, Mich. Charts may also be purchased at the following U.S. engineer offices: 710 Army Building, New York, N.Y.; 486 Broadway, Albany, N.Y.; 540 Federal Building, Buffalo, N.Y.; and Canal Office, Sault Ste. Marie, Mich. A catalog (with index map), showing localities, scales, prices, and conditions of sale, may be had upon application at any of these offices.

A descriptive bulletin, which supplements the charts and gives detailed information as to harbors, shore lines and shoals, magnetic determinations, and particulars of changing conditions affecting navigation, is issued free to chart purchasers, upon request. The bulletin is revised annually and issued at the opening of navigation (in April), and supplements thereto are published monthly during the navigation season.

Complete sets of charts and publications may be seen at the U.S. engineer offices in Duluth, Minn., Milwaukee, Wis., Chicago, Ill., Grand Rapids, Mich., Cleveland, Ohio, and Oswego, N.Y., but they are obtainable only at the sales offices above mentioned.

— Finance circulars. ‡

NOTE.—Finance circulars contain instructions and information of a relatively permanent character pertaining to the performance of the technical duties of finance and disbursing officers and of property and contract auditors. Though bearing a date, they are issued in a single lettered series without regard to calendar year, each to contain subject matter of related character. Each circular is designated by a letter and is published in a numbered series of separate pamphlets classified according to subject matter. Changes to Finance circulars are published in a single numerical series, applicable to all pamphlets, without regard to calendar year. When any portion of a numbered Finance circular has been embodied in a lettered circular, that portion of the numbered circular will be rescinded.
